AUSTRALIA'S FAVOURITE TRUCK

# One very smart choice.

The Isuzu N Series has been Australia's number one light truck for over 30 years\*. And no wonder. With its combination of safety, performance, driveability, comfort, low operating costs, productivity and our legendary Isuzu reliability, it's a no-brainer. Choose from single cabs, crew cabs, tippers, AWD and 4x4s with various engines and transmission combinations.

\*According to T-Mark industry statistics.

## N SERIES

# A variety of models.

**Our N Series comes dozens of different ways. All the details are a few pages on. But here's the overview. 4x2s, AWDs and 4x4s. Single cabs, crew cabs and tippers.**

- Isuzu diesel engines, in three ratings. 110kW (150PS), 114kW (155PS), 140kW (190PS)
- 5 and 6 speed manual and AMT
- Short, medium and long wheelbases.
- Suspension driver's seat (NPR and NQR single cab).
- First-class cabs come standard with three seats (six or seven seats in crew cabs).
- Isuzu Electronic Stability Control (most models).
- Isuzu multimedia system with 6.2 inch screen
- 4-wheel disc brakes (All 4x2 models).

4,500 - 6,000KG GVM

## Narrow cab range.

Where the N Series range starts, but they're anything but basic. 5-speed manual or 6-speed automated manual transmission available on most models. Ready-to-go tipper model, crew cab model and a variety of wheelbases to suit the body type you want.

- Isuzu diesel engine 110kW (150PS)
- 5-speed and 6-speed AMT.
- Short, medium wheelbases.
- First-class cabs come standard with three seats (six seats in crew cabs).
- Isuzu Electronic Stability Control (most models).
- Isuzu multimedia system with 6.2 inch screen
- 4-wheel disc brakes (All 4x2 models).
- Cruise control.

**4,500 - 8,700KG GVM**

## Wide cab range.

**The N Series wide cab range starts with the 110kW (150PS) NNR models and goes through to the 114kW (155PS) AND 140kW (190PS) NQR models. Also available are 4x2, Crew cab, 4x4 and ready-to-go tipper options.**

- Isuzu 3.0 litre 110kW (150PS), 5.2 litre 114kW (155ps) or 140kW (190PS) diesel engine.
- 6-speed manual, 5-speed AMT and 6-speed AMT options available depending on model.
- Short, medium and long wheelbases.
- Integrated climate control (NPR, NQR models).
- Isuzu Electronic Stability Control with 4-wheel disc brakes (except NPS 4x4 models).
- Driver's suspension seat (NPR single cab models).

- First-class cabs come standard with three seats (seven seats in crew cabs).
- Chrome grille and fog lamps on all NPR and NQR models, excluding factory tipper models.
- Isuzu multimedia system with 6.2 inch screen
- Ample storage and drink holders.
- Driver and passenger airbags.
- Cruise control.

\*Selected models only.

**4,500 - 7,500KG GVM**

# **AWD / 4x4 Range.**

**Need a truck that can tackle the road, even when there isn't a road? Isuzu N Series 4x4 and all-wheel-drive options flatten the steepest hills and make light work of loose gravel.**

- 4,500kg - 7,500kg GVM range
- Isuzu diesel engines in two ratings, 110kW (150PS) or 114kW (155PS)
- 5-speed manual or 5-speed AMT.
- First-class cabs come standard with three seats (seven seats in crew cabs).
- On demand part-time all wheel drive controlled by viscous coupling on NLS models.
- Part time 4WD on NPS models.
- Isuzu multimedia system with 6.2 inch screen.
- Cruise control and multi-info display.
- Single and Crew cab variants available

## DON'T MISS A THING.

Often find yourself navigating tight spaces? With Isuzu's optional\* camera system providing near 360° vision, you'll be all over it. Literally. You can have cameras in four different positions, all operating through a unique multi-view digital touchscreen audio-visual unit. So it shares the load of manoeuvring in tight spots.

\*At additional cost.

## CARRY LOADS IN THE CAB.

Cabs are anything but afterthoughts with Isuzu. For instance, you'll find stacks of storage for all your stuff, along with heaps of room for you and your workmates as well, including generous stretch-out legroom. All in all, it's a very comfy and accommodating place to be. You'll also notice the fluorescent interior lamp, particularly helpful for early or late starts (single cab only).

## MULTIMEDIA AT YOUR FINGERTIPS.

Our Isuzu Multimedia System with 6.2 inch screen puts the ultimate cab infotainment system at your fingertips. Navigate through the simple menu to play your favourite songs or (digital) station, or, for even greater convenience and safety, use voice-controls for many of the functions available. Hands-free Bluetooth is standard, and sat-nav and tyre-pressure monitoring are optional\*.

\*At additional cost.

## A VERY SAFE HAVEN.

All N Series cabs comply with the latest ECE-R29 standard, so they are truly world-class. Double side-intrusion bars, seatbelt pre-tensioners and load-limiters, and driver and passenger airbags are all standard.

## CONTROL YOUR SPEED, AND YOUR CLIMATE.

Advanced electronic cruise control is standard and automatic climate control air-conditioning is available in selected models. Just two more ways that Isuzu can help you stay comfortable as you cruise.

## REINVENTING THE WHEEL.

The longer your day, the more you'll appreciate ergonomics. Take the steering wheel, for instance. It tilts and telescopes at a touch, so you'll readily arrive at a driving position that's still comfortable at the end of a long shift. And that's just one of Isuzu's clever comforting touches.

## PROTECTION PLUS.

Your Isuzu is safer than ever because ABS brakes, ASR (Anti-Skid Regulator) and traction control have all been complemented by Isuzu Electronic Stability Control (IESC)\*. If the system detects that your truck is not going where you want it to go, IESC will strategically apply the brakes to steer the truck back on course.

\*All 4x2 models.

## SEE AROUND CORNERS.

Turning into laneways and driveways, as you know, can be tricky. Especially at night. That's when our clever cornering lamps come into play. Turning on your indicators turns them on as well, while your headlights still aim forwards.

### OVERSTEER

IESC helps prevent your truck from spinning inside of your intended course.

### UNDERSTEER

IESC helps prevent your truck from skidding outside of your intended course.

### ROLLOVER

When load transfer is detected and tyres lose grip, IESC helps prevent your truck from rolling.

With IESC →  
Without IESC →

\*Refer to specifications for availability by model.

## TORQUE CONVERTER AUTOMATED MANUAL TRANSMISSION.

This latest Torque Converter Automated Manual Transmission (TC-AMT) has been designed to suit Australian driving conditions, featuring new motion parking pawl. Available on NLR, NMR and NNR models, the TC-AMT incorporates revised gear ratios and a kick-down control switch on the accelerator which means when you put your foot down, the truck automatically selects a lower gear for more controlled exits from roundabouts, corners and intersections.\*

## TWENTY-TWENTY HINDSIGHT.

Our twin rear-view mirrors are big, heated and powered, with integrated spotters. Which means it's a case of "objects in mirror are clearer than you think".

## CONVENIENCE THAT CLICKS.

As you've read, we've made our cabs easy and safe to get in and out of. Remote, keyless entry and locking make it convenient as well. And if you're in and out of your truck all day long, it's a feature you'll really appreciate.

## DESIGNED BY THE WIND.

The N Series cabs are designed by computer and tested by wind-tunnel. So they're intelligent, energy-efficient, safe and comfortable. And for trucks, surprisingly aerodynamic. Also, their front suspension has been refined and noise levels hushed. All helping make your day go a whole lot smoother.

# VERY INTELLIGENT CHOICES.

Here you'll find the basic specifications on our N Series models. To help select the correct model, your ISUZU dealer can build your vehicle in our ISIS computer program to ensure you have a vehicle that is perfect for your application.

Note: The above chart is a brief representation of the chassis specifications within the Isuzu N Series model range. For a detailed understanding of the model and specification variants, please refer to the applicable Isuzu model Specification Sheet. Subject to the conditions outlined in the IAL New Vehicle Warranty, the N Series models carry a standard factory warranty as above. Extended Care may be purchased to cover the owner against the failure of original components, but may exclude some components and expendable items such as oil, filters etc. Isuzu Roadside Assistance is valid for three years from the date of new vehicle purchases. Our goods and services come with guarantees that cannot be excluded under the Australian Consumer Law. For major failures with the service, you are entitled: to cancel your service contract with us; and to a refund for the unused portion, or to compensation for its reduced value. You are also entitled to choose a refund or replacement for major failures with goods. If a failure with the goods or a service does not amount to a major failure, you are entitled to have the failure rectified in a reasonable time. If this is not done you are entitled to a refund for the goods and to cancel the contract for the service and obtain a refund of any unused portion. You are also entitled to be compensated for any other reasonably foreseeable loss or damage from a failure in the goods or service. For more details visit the Isuzu website which explains Isuzu Warranties in more detail, or alternatively contact your local dealer. All warranties commence from date of delivery. \*Refer to Extended Care Brochure.

# Isuzu Care.

Reliability means so much more than just a mechanically reliable truck. Isuzu Care is the most comprehensive customer care truck programme ever seen in Australia, offering a suite of innovative support services and a level of customer care that's setting new industry standards. Wherever you are, Care's as close as a Freecall to 1800 035 640.

## ISIS.

Isuzu Sales Information System (ISIS for short) is a software program the dealer will use to help you select the right truck and body for your application. Once it's been programmed with your requirements, ISIS simulates how the truck will perform in terms of its weight distribution, available power and other performance characteristics. So with ISIS, you're sure to find your most suitable match.

## ISUZU EXTENDED CARE.

Isuzu Extended Care\* provides a two-year extension to Isuzu's three-year factory warranty. As well as the five-year factory warranty, you'll also receive five years of Isuzu's customer care programme and Isuzu Assist. Available when you buy your truck, it's the ultimate peace-of-mind.

\*At additional cost.

## ISUZU ROADSIDE ASSIST.

Isuzu Assist is a 3-year, 24-hour roadside assistance program that comes at no extra cost with all new Isuzu trucks. And while our trucks are renowned for their reliability, even if you run out of fuel, lose your keys, get a flat tyre (or battery), Isuzu Assist will be there to sort it out. Just Freecall 1800 947 898.

## MAKE STRESS FREE SERVICING A PRIORITY.

There is nothing more crucial than maintaining a healthy fleet, so we've created a 'stress free' service in Isuzu Priority\*. Knowing that the lifeblood of your business is under control, and in the best hands, provides true peace of mind and allows you to spend more time doing what you do best - building and growing your business.

\*At additional cost.
